**About Community Works:** We are celebrating 10 years of building a creative and healthy Greater New Orleans by increasing equitable access to innovative programs that engage young people. Our afterschool programs enroll over 900 young people daily throughout the New Orleans area, bringing dance, music, art, chess, STEM, career-visioning and more to the future leaders of our city. Our programs are innovative in their nature. They are as unique as the instructors who lead them. CW recruits and hires local artists who create their own curriculums. Our instructors are professional artists, educated and trained performers and writers, bringing their own personal experiences and values to the classroom.
